

TAX-EXEMPT FINANCING

FOR CITY, COUNTY AND STATE GOVERNMENT ENTITIES

PEAC makes financing an attractive option for government entities with tight budget constraints.

100% FINANCING: Public entities are able to include soft-costs such as delivery and installation.

QUICK + SIMPLE: Credit decisions are issued within 4 hours and documentation is supplied either the same day or the next business day.

DEBT: Tax-exempt financing obligations are NOT considered debt, but a current expense and does not impact the municipalities available debt limitations.

BUDGET SAVER: Financing allows public entities to acquire equipment they need now rather than waiting until the next fiscal year.

MATCHING TERMS: Finance agreements can be designed to match the term for the expected useful life of the asset.

FLEXIBILITY: Payments can be made upon installation or even delayed until the next fiscal year.

AVOID ASSET DEBT: Payments are subject to annual appropriations, which means the obligation is not subject to statutory debt limitations. Since no debt is created, the finance agreements do not require voter approval.
